

Sick Policy

As mamas, we know when our kids are just not feeling well. Therefore, they should get adequate rest and care at home, even when it's tough for the siblings involved. Please adhere to these policies. A child who shows any visible signs of sickness should not be brought into the co-op. Please feel free to contact me, Jessica Edenfield, prior to meet dates if you have any specific questions not answered here.

RED LIGHT: Try again next time
